

**CONJOINT CERTIFICATE IN THEOLOGICAL STUDIES
for students beginning in 2024-2025**

This Wycliffe College Program is a conjoint program. Students are considered Wycliffe College students and U of T students. Seven credits are required in the CCTS program. The table below represents course requirements, but the order is optional. It is highly recommended that the foundational courses be taken first. Please consult with your Academic Adviser for advice on course selection. Where students enter with some previous coursework in theological or religious studies, their Academic Adviser may waive a requirement in favour of a substitute class.

Registration Requirement: Continued registration each term is required for CTS (Certificate of Theological Studies) students. Students are required to take a minimum of 1 course (1 X 0.5 FCE) each Fall and Winter semester. Students are required to be registered in consecutive academic years until completion, with the exception of approved Leaves of Absence. CTS students who do not take summer courses will have a placeholder (with no fee) to maintain their registration until they register again in the Fall. The program time limit is 4 years, with the exception of approved Leaves.
